

Language Tutor® & Card Sets

The Language Tutor card-reader system features improved technology and affordable pricing, setting a new standard in card readers. The system offers digital audio content, extensive memory and speech recording capability, and real-life photography that connects learning to student experiences. Children—especially students with special needs—can hear, see, read and repeat through a multi-sensory language acquisition method that engages them in beginning reading. The cards help children slow down so they can hear accurately, respond correctly, and retain effectively. Information is presented in a steady, methodical way, giving enough time to listen, process, and respond. Children can readily practice, gain skills, and enjoy a sense of confidence in early literacy and pre-math skills. **△ SMALL PARTS [1].** Not for < 3 yrs.

Grades Pre-K+

Bean Bags

Throwing, tossing, touching—tangible teaching at its best! Kids learn from what they see, feel and do, and these fun-to-feel shapes and textures give the senses, minds and bodies an active workout. Bean bags easily form to a child's hand, aiding in grasp and play. Eye-hand coordination, hand control, visual processing, and early learning are incorporated into tangible teaching fun. Bright colors and high contrasting embroidered letters, numbers, and words lend themselves well to fundamental skill development. Activity Guide offers suggestions for learning-based games that also encourage balance, coordination, and movement.

Alphabet Bean Bags

Each of 26 bean bags are embroidered with color-coded uppercase letters on one side and lowercase on the other.

Grades Pre-K+

EI-3045 SRP \$34.99

Colors Bean Bags

Kids will love learning their colors and color words with this rainbow of beautifully embroidered felt bean bags in 10 cool colors: red, blue, yellow, green, orange, purple, brown, black, gray, and white.

Grades Pre-K+

EI-3046 SRP \$21.99

Number Bean Bags

Count on number fun! These embroidered bags feature a number (1 to 20) on one side and its number word (one to twenty) on the other.

Grades Pre-K+

EI-3047 SRP \$27.99

Shapes Bean Bags

Each bean bag is a different color and shape—circle, square, triangle, rectangle, oval, pentagon, hexagon, and star—and is beautifully embroidered with its name.

Grades Pre-K+

EI-3048 SRP \$19.99

Phonics Bean Bags

Children learn “the sound alphabet” in no time with these soft, sturdy, lightweight bean bags.

Each of the twenty-six 2¾" bean bags is richly embroidered with a picture representing the sound of a letter of the alphabet—from apple to zebra. The short and long vowel sounds and the hard and soft sounds of c and g are represented by special “double-sided” bags.

Grades Pre-K+

EI-3044 SRP \$49.99

Teachable Touchables™ Texture Squares

Scratchy, slippery, silky, or soft?

Young learners build tactile awareness and vocabulary skills as they interact with these 20 texture squares (10 different pairs) in a variety of “hands-on” activities. Includes a tip sheet packed with fun activities that “touch” on matching, vocabulary, communication, and tactile discrimination skills. Stores in a handy drawstring bag.

Grades Pre-K+

EI-3049 SRP \$24.99

Safety
